# Laboratory & Educational Solutions

Innovative solutions for the modern laboratory

[www.iq-laboratory.com](http://www.iq-laboratory.com)

# Who We Are

Born out of the golden age of the 1950's, iQ Labs has been manufacturing laboratory equipment and furniture for decades. Recently we have undergone a rebirth: a renewed focus on new offerings, product development, all while staying true to our roots of quality, hard work, and hand-shake ethics. This progressive focus is why we see ourselves as a startup - with a storied past.

## COMPANY HIGHLIGHTS

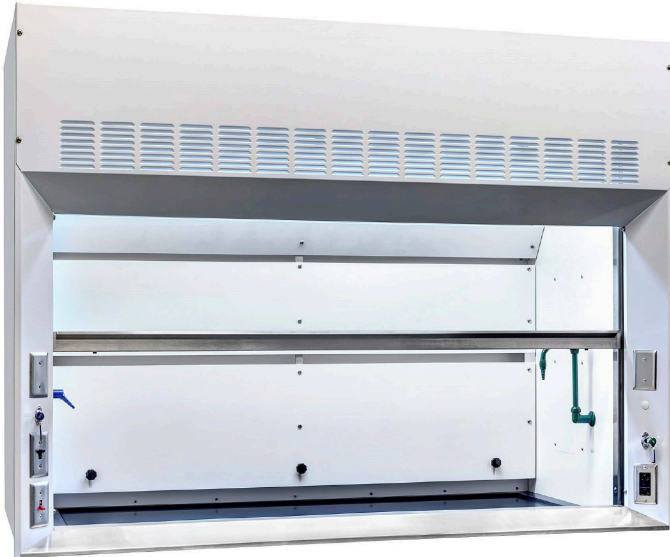

iQ Labs offers a comprehensive line of fume hoods, casework, modular furniture and countertop solutions for the laboratory and educational markets.

- Founded in 1957 in Muskegon, MI
- Quick-ship Fume Hoods Available
- Full lineup of metal and wood casework, fume hoods, lab benches, clean room tables and storage options
- Custom fume hood design service

# What We Offer

# BENEFITS OF WORKING WITH IQ

## Customer Service

Responsiveness - same day response guarantee.

Assurance - we promise to resolve any issue in a timely manner.

Customer Experience - positive customer experience is our barometer of success.

## Delivery

2-3 week standard lead time on non-custom fume hoods.

4-5 week standard lead times on casework.

Custom fume hoods, radioisotope and walk-in's have a standard lead time of 4-6 weeks.

## Quality

Built primarily using premium cold rolled steel, our products can stand up to the harshest of environments and stand the test of time.

Our products are built using our 60+ years of continuous operating experience and our knowledgeable staff.

Fume hoods are backed by our 10 year limited warranty.

## Continuous Improvement

With a strong foundation, we are focused on improving our product offerings and efficiencies to meet the demands of the 21st century laboratory through continuous improvement efforts and the recommendations of our strategic partners.

Established in 1957, iQ Labs has been designing and manufacturing laboratory equipment for over 60 years. We specialize in both standard and custom fume hoods, casework, mobile laboratory furniture, and accessories.

If you have additional questions regarding safe fume hood operation or if you would like to speak with our sales staff, send us an email or give us a call!
